

Nissan and Socially Responsible Investment

Today investors are paying more attention than ever to the concept of socially responsible investment (SRI), evaluating corporations from environmental and social perspectives in addition to financial fundamentals. Nissan is proud to be listed as part of the FTSE4Good Index Series, Morningstar SRI index, DJSI Asia/Pacific and Global 100 (as of June 2011).

GLOBAL100

FTSE4Good Index Series

This SRI index is managed by the FTSE Group, an independent company co-owned by the Financial Times and the London Stock Exchange.

Dow Jones Sustainability Asia/Pacific Index

Dow Jones Sustainability Indexes, the world's first global SRI tracking tools, were developed by Dow Jones & Co., Inc. and Sustainable Asset Management. The DJSI Asia/Pacific is a new index launched in January 2009, monitoring leading companies in the Asia-Pacific region.

Morningstar SRI

The MS-SRI (Morningstar Socially Responsible Investment Index) is managed by financial information services firm Morningstar Japan K.K.

Global 100

Conducted since 2005 by the Canadian publisher Corporate Knights Inc., Global 100 is a corporate evaluation scheme focusing on sustainability. The survey reviews some 3,500 major firms in various industries, selecting 100 of them as the "most sustainable corporations in the world" based on their environmental, social and governance initiatives.

Scope of the Report

The focus of this report is on introducing Nissan's global policies and our approach to and activities toward sustainable development. Where we are describing regional efforts, we refer to the specific region name in the text; when no specific region is identified, the descriptions of Nissan's activities and practices pertain to Nissan Motor Co., Ltd. in Japan.

Period Covered

The report covers fiscal 2010 (April 2010–March 2011); content that describes efforts before or after this time period is indicated in the respective section.

Third-Party Certificates

No globally accepted method for third-party certification of sustainability reports has yet been established. Considering this situation, in which a review would not necessarily lead to the intended assurance of credibility, we have decided not to seek third-party certification.

Referenced Reporting Guidelines

This report uses the Global Reporting Initiative (GRI) Sustainability Reporting Guidelines (2002 version and G3) and the Environmental Reporting Guidelines (2003 version) of Japan's Ministry of the Environment as references. We also report on a number of other actions that are not covered by the guidelines.

Forward-Looking Statements

This Sustainability Report contains forward-looking statements on Nissan's future plans and targets and related operating investment, product planning and production targets. Please note that there can be no assurance that these targets and plans will actually be achieved. Achieving them will depend on many factors, including not only Nissan's activities and development, but also the dynamics of the automobile industry worldwide, the global economy and changes in the global environment.

Mistakes and Typographical Errors

All errors discovered after the report is published will be corrected and displayed at the URL below.
