- Nissan introduces the all-new Gravite
- Nissan Formula E Team again on the podium in Mexico City
- New Patrol NISMO will serve as a First Rescue Operation vehicle for upcoming Super GT season

Launch of the New Global Fleet Partnership Website

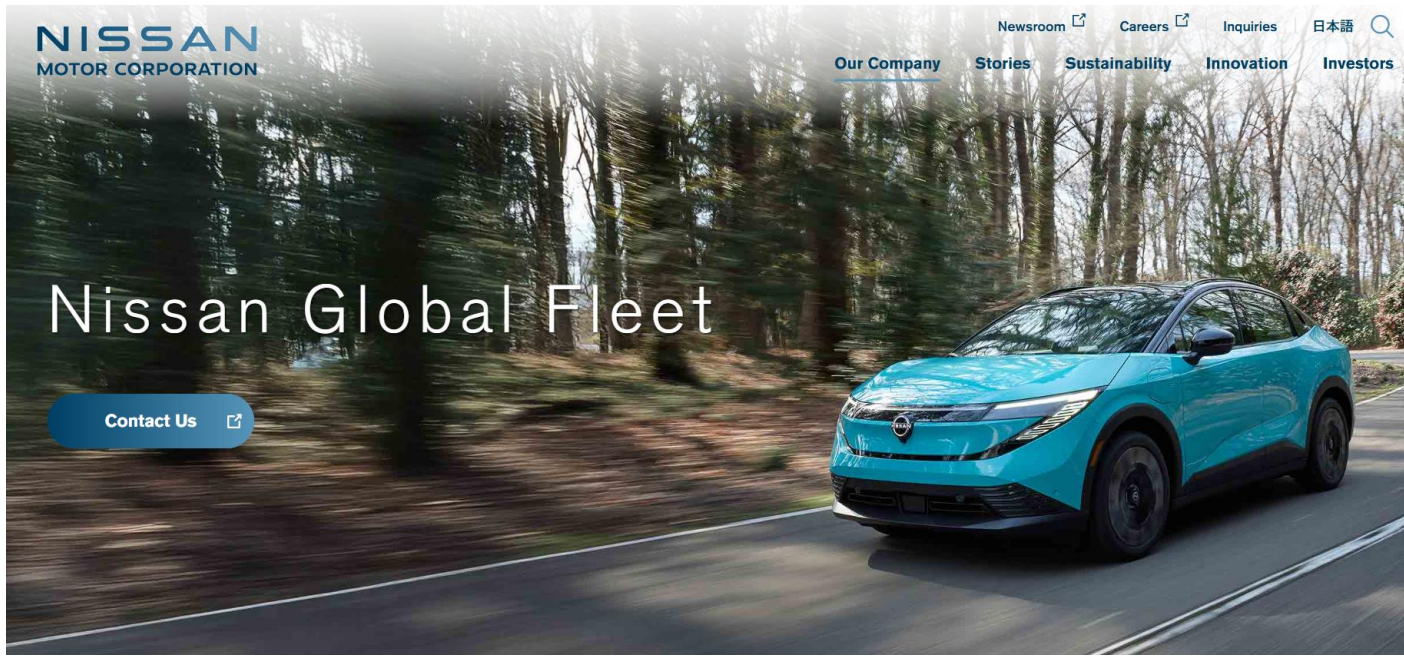

We are excited to introduce Nissan’s new Global Fleet Partnerships website — a centralized hub designed to better support our regional teams and our Global Key Account customers.

The site highlights how Nissan’s Global Fleet program strengthens partnerships worldwide through a dedicated global team acting as a single point of contact, enabling streamlined international agreements and efficient sharing of key business information.

It also showcases major initiatives such as electrification, sustainability leadership, and tailored mobility solutions developed with our fleet customers in mind.

A key new feature is the integrated Tender Survey, accessible via the “Contact Us” section, enabling partner companies to submit global tender information quickly and consistently.

We invite you to explore this new platform and leverage it as our shared gateway to stronger collaboration.

Nissan Formula E Team again on the podium in Mexico City

MEXICO CITY, Mexico – Nissan Formula E Team's Oliver Rowland put in a fantastic drive at Autódromo Hermanos Rodríguez, recovering strongly from a mid-race setback to clinch third in Round 2 of the 2025/26 ABB FIA Formula E World Championship. Meanwhile, teammate Norman Nato fought hard in a dramatic midfield battle, finishing 10th and scoring a point for the team.

Finishing on the podium in the first two races of Season 12 marks a strong start to Rowland's title defense, currently third in the Drivers' Championship. Nissan Formula E Team is also third in the Teams' Standings, while Nissan sits in the same position in the Manufacturers' Championship.
